### Planning

Plan Revision 7.1

Plan Effective From 09-Oct-2017

### Previous Review Updates

Recommendations from the previous review and update of progress

What needed to be done and what needs to be done going forward?	Who was going to do it and who will do it going forward?	In what timescale?	Achieved?
First review			

### Leisure Activities

Lewis is new to the area but has expressed an interest in motorbikes and music  
Lewis will be supported to access any appropriate leisure activities

### Wishes and Feeling of the Child/Young Person

Lewis is happy to be looked after and wants the support into adulthood.  
Lewis is angry with his parents and doesn't want to have contact with them at present.  
Lewis wants to get into a college course that will help him access motorbikes and become a mechanic.

### Parents/Carers Views

Both mother and father have refused to have Lewis live with them.  
Neither parent is engaging in this process

### Risk Management

Omega care will undertake a continual risk assessment in placement on Lewis.

## Analysis

### Social Workers Analysis of Review Period

Lewis has become looked after recently and decided to sign Sec 20 forms as he didn't want to be homeless and vulnerable.  
Lewis has a history of being cared for by the Local authority and has spent 18 months in Scunthorpe LA care when he was 14yrs old.  
Lewis has had to deal with a change in social worker and a change in his living placement in this short period of time. Lewis has coped with this very well and appears to accept the changes in his life. This may be due to his history of CSC involvement when he was younger in Scunthorpe. Lewis wants to be supported until he is older and wants to live in an environment that is not a family setting.

Task (What needs to be achieved?)	Measure (How will we know it has been achieved?)	By Whom and When (Person responsible and date to be completed)	Achieved?
Lewis to be registered at health professionals	Lewis is registered with dentist/doctor	Omega Care To be completed by 12.10.17
